Comfort Blanket Submission Guidelines For Jason 1978

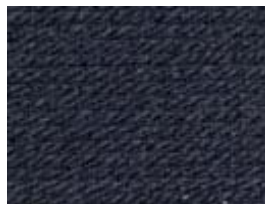

On March 5, 2009, Jason 1978 (Vienna, Austria), posted a note on www.menwhoknit.com that he had been diagnosed with testicular cancer and is undergoing treatments. Since that time, the details of his health appear more complicated and we at www.menwhoknit.com feel as if we must do SOMETHING. So, we'll do what we are best at; we'll knit. This will be a blanket for Jason and his family to help share our concern and support of this courageous man.

Squares must be made as follows to maintain continuity:.

Take a moment to write a card or note of support to Jason, then create one or more 8" x 8" square(s) [knit OR crochet, ANY pattern you want, block if necessary] using Lion's Brand Vanna's Choice worsted weight yarn (Available at craft stores nationwide or online at <http://www.e-yarn.com>) in any of the following colors:

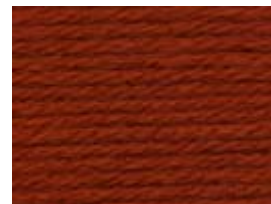

Honey

Navy

Olive

Brick

Kyle (from www.kylewilliam.com) will assemble the squares into the blanket, photograph it, and mail it to Jason or his caregiver, Jonathan.

If we have additional squares, we may make a second blanket for donation to a local charity. Feel free to distribute this flyer as you wish – post on your blogs, websites, give to local yarn shops – and know that every square we get will be really meaningful to Jason and his family!

We need 72 squares to make a 64" x 72" blanket.

Please EMAIL kyle – kyle@kunnecke.net (please use the subject: Jason's Blanket) with your name, address, how many squares you will make – and he will email you mailing instructions.

You will send your square(s) and note(s) to Kyle – he will group all the letters and notes together and include them in the mailing. If you would like to include a few dollars to help offset the postage cost, feel free to do so.

SQUARES MUST BE RECEIVED IN LOS ANGELES, CA NO LATER THAN MAY 30, 2009 TO BE INCLUDED IN THE BLANKET!

THANK YOU!
